Description: For pure acappellatude, look no further than Retrocity. Eight totally rad singers electric boogaloo their way through your favourite tunes from the 80s and beyond, without a Casio or drum machine in sight. The bold, textured a cappella arrangements capture an astonishing range of instrumental imitation. Righteous guitar riffs, sensual sax solos, dope drum beats and sizzling synths&hellip; all performed with the human voice.

O Retro Night will offer Christmas hits from the 80s, a Jackson Family Spotlight, top 40s of the 80s, trivia and DJ Todd who will spin 80s tunes between sets and after Retrocity is through - Don't forget your dancing shoes!!!
